Product Highlights

DELTA ELECTRONICS (THAILAND) PCL.

Booth: G-J1

DEL Terra C
All-in-One C&I
Energy Storage Solution

DEL Terra C, All-in-One C&I Energy Storage Solution
Designed for C&I applications, the all-in-one system integrates battery packs, PCS, liquid cooling, and a unit controller in a single cabinet. With skid design and a compact footprint under 1.5 sqm, it enables fast, easy installation, supports up to 10 parallel units, and delivers flexible, safe, and reliable energy storage performance

NINGBO DEYE INVERTER INTERNATIONAL TRADE CO., LTD.

Booth: G-H1

String Inverter; Hybrid Inverter; Microinverter; Battery Pack; All In One System

Deye provides one-stop energy storage solutions based on inverters and battery systems for residential, commercial, and industrial applications. With modular ESS architectures and intelligent energy control, Deye enables reliable, scalable, and flexible power management for both grid-connected and off-grid scenarios

HAIER ENERGY

Booth: G-F1

- PV String Inverter & Single-Phase Hybrid Inverter**
1. SMART: real-time analysis for optimal performance.
 2. SAFE: maximum protection with high standards.
 3. FLEXIBLE: compatible with a wide range of input voltage and current.
 4. EFFICIENT: high conversion for energy savings.
 5. CONNECTED: manage and monitor remotely.
 6. QUIET: ensuring a quiet and comfortable environment.

SHENZHEN ATESS POWER TECHNOLOGY CO., LTD.

Booth: G-C1

Energy Storage system & EV charge
Founded in 2017, Shenzhen ATESS Power Technology Co., Ltd provides solutions including inverters ranging from 5kW up to MW, covering both residential, commercial, and utility application scenarios. It's EV charger portfolio is composed of 7kW to 480kW AC and DC electric vehicle chargers for home and public charging station.

METROPOLITAN ELECTRICITY AUTHORITY (MEA)

Booth: G-W7

MEAEi
MEAEi provides end-to-end clean energy service solutions, including consulting, design, installation, investment, and maintenance for Solar Rooftop, Smart Grid, ESS, and Energy Management systems.

FRIENDCOM

Booth: G-G35

AMI Solution Products
Friendcom AMI solutions integrate post-payment and prepayment meters with advanced data concentrator units to deliver accurate measurement, secure communication, and efficient energy management. Supporting HPLC, RF, and Low Power communication technologies, these systems enable reliable data transmission, wide coverage, and seamless connectivity, ensuring optimal performance for residential and smart grid applications

HITACHI

Booth: G-M19

EconIQ™

EconIQ is Hitachi Energy's eco-efficient portfolio for sustainability where products, services, and solutions are proven to deliver exceptional environmental performance. It contributes towards a sustainable energy future and accelerates the energy transition. The EconIQ high-voltage portfolio eliminates sulfur hexafluoride (SF6) with reliable and scalable solutions for the lowest carbon footprint. EconIQ products retain the same size and is as reliable as the conventional SF6 counterpart while greatly reducing its carbon footprint throughout product life cycle.

ATMOCE

Booth: G-D1

ATMOCE M-ELV BattBank

Experience the future of energy storage with ATMOCE M-ELV BattBank, the world's first AC stackable battery. Designed with extra-low voltage architecture for enhanced safety, M-ELV BattBank delivers flexible expansion, seamless retrofit compatibility, smart energy management, and reliable backup power for residential and commercial solar systems — safer, smarter, and future-ready.

MARVEL SOLAR ENERGY CO., LTD.

Booth: G-Q11

Comprehensive Solar Solutions Provider

We supply complete solar equipment from trusted brands including Trina Solar, Sigenergy, T-Cable, and T-Lock. Our products ensure efficiency and reliability, supported by professional consultation and excellent after-sales service for long-term energy solutions.

HUAWEI TECHNOLOGIES (THAILAND) CO., LTD.

Booth: G-E1

Huawei FusionSolar Residential Smart Energy Controller

The Huawei SUN2000-10k-WA02 is a high-performance three-phase hybrid inverter designed for residential solar systems. It features a high efficiency and integrates seamlessly with energy storage systems like the LUNA2000. This model supports dual MPPTs for optimized power generation and includes AI-powered AFCI protection to proactively mitigate fire risks. Compact and fanless, it ensures quiet, reliable operation while offering smart monitoring and easy commissioning via the FusionSolar app.

INNOMOTICS LIMITED

INNOMOTICS

Booth: G-R35

Motor configuration at your fingertips

Redefining power and motion for industrial applications. Our forward-thinking range of motors, drives, systems, and solutions supports vital industries at the heart of economies, driving the world forward. Using our mobile configurator, you have 24x7 access to over 100 product lines and download all necessary information, Directly.

BOSCH

Booth: G-F29

Let's make it real.

Software-driven mobility #LiveABosch

MICRO-STAR INT'L CO., LTD.

Booth: G-C41

Eco Premium Hyper 240 Dual

Eco Premium, Hyper 240 Dual

MSI EVSE delivers smart, reliable, and user-friendly charging solutions. Featuring aConnect App energy optimization, global safety certifications, and intuitive operation, we provide comprehensive hardware and software support to ensure a seamless, dependable transition to electric mobility.

AMPHENOL COMMUNICATIONS SOLUTIONS

Booth: G-C19

LEV Charging Connectors and Inlet (Type 6)

IEC 62196-6 / IS 17017-2-6 (TYPE 6) FOR LEV CHARGING, offering 2 power and 5 signal configurations. Continues current from 20A to 100A and supporting 10,000 mating cycles
